Re: Flooding

We have been working with Anthony Santoro, Wyoming County Director of Fire & Emergency Management and with Senator Gallivan, to lobby the Governor's office for a disaster declaration that would allow us to be eligible for possible FEMA funding.

We will keep everyone informed of any potential funding that may be available for any of our businesses or residents. To make communication easier I ask anyone who would like these updates to send me your contact information at villageofattica@attica.org, and I will send out information as soon as I can. If you would like to call me you can also reach me at home 585-591-2995.

Even though we have been busy working on many of our public infrastructure flooding issues, I have been also working with the emergency coordinator to help push for this declaration to assist businesses and residents.

William P Lepsch

Mayor, Village of Attica
